

**PLEASE PICK UP
MY POOP.**

Cleaning up pet waste is good for your health and the environment! Seriously. Pet waste left on the ground, especially near streets and sidewalks, gets washed into storm drains and drainage ditches which flow to your local waterway...without being treated! Bacteria, parasites, and viruses found in pet waste can be harmful to water quality and human health. Not only is picking up after your pooch the neighborly thing to do, it's the healthy thing to do... for you and the environment!

Know what's grosser than picking up dog poop?

Stepping in it. Know what's even grosser than that? Swimming in, fishing from, and drinking water that has dog poop in it! Please pick up after your pooch.
